### Event Profile

Architectural Digest Home Design Show 2010 is the 9th annual trade show dedicated to the architectural designs and products in New York. The show will aim to gather top interior designers, licensed architects, trade professionals and homeowners under one roof. The event will provide visitors ample opportunities to explore the most up-to-date design ideas and products for the home. It will also offer didactic seminars with design world professionals, cooking sessions with renowned chefs and other special events. The event will showcase new collection of fine prints and photography, newest range of fabrics, and unique fine arts objects on the exhibition.
